Alberta Petroleum Equipment & Services Directory 1995

ALBERTA
DEPUTY PREMIER
MINISTER OF ECONOMIC DEVELOPMENT AND TOURISM

*MLA Barrhead-Westlock
Minister Responsible for Technology, Research and Telecommunications
International Trade Offices
Lotteries*

MESSAGE FROM THE MINISTER

Thanks to generous deposits of conventional crude oil, natural gas, oil sands and coal, Alberta is known as Canada's energy province. Alberta has more than 80 per cent of Canada's conventional crude oil reserves, 90 per cent of its natural gas and all of its bitumen and synthetic oil reserves. Synthetic crude oil is produced from oil sands in northeastern Alberta, where deposits contain more oil than the proven reserves of Saudi Arabia.

Coping with the extreme temperatures that are part of Alberta's climate has enabled our companies to develop sophisticated technology that works well in severe conditions and difficult terrain. Oil and gas equipment manufactured in Alberta has proven itself from the rain forests of Ecuador to the Canadian arctic and the desert conditions of the Middle East and Africa.

In addition to outstanding specialized products, Alberta petroleum companies also offer extensive services in the industry. These services range from seismic interpretation to simulation design and the design of gathering and transmission lines.

Alberta companies have developed the expertise to undertake complex marine offshore projects, ranging from ice island construction and Arctic Ocean drilling sites to specialized Arctic explorations.

With more than 75 years of experience, the Alberta oil and gas industry has become a dynamic arena for the development of world-class products and services. I encourage you to use this directory to find out more about what the Alberta petroleum equipment and services industry can do for you.

Ken Kowalski
Deputy Premier
Minister, Economic Development and Tourism

ALBERTA

DEPUTY PREMIER

MINISTER OF ECONOMIC DEVELOPMENT AND TOURISM

W.A. (GARY) HART

Minister of Economic Development and Tourism

Government of Alberta

Edmonton

MESSAGE FROM THE MINISTER

Thanks to significant investments in government funds and private industry, Alberta is now a leading energy producer and exporter. In 1995, Alberta's oil production reached a record of 2.5 million barrels per day. This success is the result of the hard work and dedication of the people of Alberta, and the support of the federal government. I am proud to be a part of this team, and I look forward to continuing to work with you to ensure that Alberta remains a leader in the energy industry.

Digitized by the Internet Archive
in 2017 with funding from
University of Alberta Libraries

In addition to our ongoing research and development efforts, we have also been working on a number of other projects. One of our top priorities is to improve the efficiency of our production processes. We have invested in a number of new technologies, and we are confident that these investments will pay off in the long run. Another area of focus is to improve the safety of our operations. We have implemented a number of new safety measures, and we are committed to ensuring that our workers and the public are always safe. Finally, we are also working on a number of other projects, including a new refinery and a new pipeline. We are confident that these projects will further strengthen Alberta's position as a leading energy producer and exporter.

W.A. (GARY) HART

Deputy Premier

Minister of Economic Development and Tourism

Type of Services & Supplies: The Alberta Document Exchange (ADX) is an alternative to using couriers and mail to expedite business correspondence and documents. We provide a centrally located, secured premises for the reliable exchange of time-sensitive material between member firms. There is no limit to the amount of material sent through the Exchange System. Members do not pay per item. We establish a fixed annual fee that is based on the Member's projected volumes, and reduce that by at least 20%. Members recognize tremendous savings since the effective use of the exchange system results in same day delivery reducing the ever increasing cost of couriered items.

No. of Employees in Canada: 24.

Main Banking Connection: Alberta Treasury Branches.

Incorporation: Private.

Affiliations:

ATCO Enterprises Inc.

Type of Services & Supplies: Products manufactured. Work force housing camp equipment, drilling industry equipment, construction site offices, educational and commercial structures. Temporary and permanent facilities. Used equipment. Large work force housing and site office lease fleets available at all service locations.

No. of Employees in Canada: 2,300.

Atlas Wireline Services

Div. of Western Atlas International

Main Office: Calgary, AB. T2P 3E6. 1200, 505 - 3 St. S.W.

Ph. (403) 290-5100 Fax: 290-5150

Officers & Key Personnel at this location:

Dist. Mgr., Steve Privott;

Main Banking Connection: Canadian Imperial Bank of Commerce.

Incorporation: Alberta (1951). Private.

Affiliations:

Western Atlas International Inc.

Type of Services & Supplies: Oil and gas well wireline services including: open hole logging, perforating, completion logging, production logging, downhole seismic logging services.

No. of Employees in Canada: 115.

Audryx Petroleum Ltd.

Main Office: Calgary, AB. T2P 3P2. 700, 815 - 8 Ave. S.W.

Ph. (403) 269-9550 Fax: 262-3748

Officers & Key Personnel at this location:

Pres., C.E.O., Dr. Michael T. Olanson.

Main Banking Connection: Royal Bank of Canada.

Incorporation: Alberta (1992). Private.

Type of Services & Supplies: Expert consulting specializing in horizontal well design and field supervision (drilling, completion, production), horizontal re-entries (4 1/2, 5 1/2), slant-horizontal well pads, deep exploratory slim hole drilling with micro-rigs, drilling optimization and cost control, coalbed methane projects (design, drilling-testing), horizontal well research and development (lab work, design, field supervision, project analysis), special casing design and operations (extended reach, thermal, H₂S, ultra-deep), special project management; drilling - production complex research; Russian and other international venture operations.

Aurora Corrosion Control

a division of Aurora Environmental Consulting Ltd.

Main Office: Calgary, AB. T2E 6S8. 3773 - 19 St. N.E.

Ph. (403) 291-4495 Fax: 250-5872

Officers & Key Personnel at this location:

Prin. Eng., R.J. (Bob) Maynard;

Mgr. Opts., Clarke N. Cherniwhan.

Main Banking Connection: Alberta Treasury Branches.

Incorporation: Alberta (1987). Private.

Type of Services & Supplies: Corrosion control - cathodic protection designs, maintenance inspections, installations and training. Environmental services - audits and assessments, land use management and design, site studies and testing, ongoing monitoring and reclamation consulting.

No. of Employees in Canada: 6.

Auto-trol Technology (Canada) Ltd.

Main Office: Calgary, AB. T2E 7P1. 1144 - 29 Ave. N.E.

Ph. (403) 250-1232 Fax: 250-1037

Officers & Key Personnel at this location:

Pres., K.M. Dedeluk;

Dist. Mgr. Calgary, Veri McQueen.

Main Banking Connection: Bank of Montreal.

Incorporation: Alberta (1976). Private.

Affiliations:

Auto-trol Technology Corporation.

Type of Services & Supplies: Supplier of integrated mapping solutions for resource database management and geologic geographical and exploration mapping. Advanced CAD/CAM/CAE supplier for automated mapping, facilities management, civil engineering, technical information management, manufacturing and electronic publishing. Distributor for Auto-trol's design/drafting system digitizers, plotters and software with full line of turnkey graphics solutions on UNIX platforms from Sun and HP. Auto-trol's GEOSTATION mapping software speeds the production of custom exploration and cartographic maps and combines a relational database management systems with map assembly routines for both interactive and batch map processing.

No. of Employees in Canada: 75.

Avala Projects Inc.

Main Office: Calgary, AB. T2P 2V6. 702, 500 - 4 Ave. S.W.

Ph. (403) 263-5190 Fax: 265-8422

Officers & Key Personnel at this location:

Pres., Luban Novakovic;

Mgr. Eng., Larry Hubka.

Main Banking Connection: Royal Bank of Canada.

Incorporation: Alberta (1993). Private.

Co. Registered In: Alberta.

Type of Service: Oil and gas facilities engineering.

No. of Employees in Canada: 7.

AXBOW Landscape/Rentals Limited

Formerly: AXBOW-RAMMAX-Rentals and Sales Ltd.)

Main Office: Calgary, AB. T2G 4X2. 4, 711 - 48 Ave. S.E.

Ph. (403) 287-2177 Fax: 243-1732

Officers & Key Personnel at this location:

Gen.Mgr., M.K. Achmus.

Main Banking Connection: Bank of Montreal.

Incorporation: Alberta (1982). Private.

Type of Services & Supplies: Sale and rental of compaction equipment.

Type of supplies: RAMMAX Hydraulic Walkbehind and Ride-On Compactors.

No. of Employees in Canada: 4.

Ayers Resource Consultants Ltd.

Main Office: Calgary, AB. T2P 3T8. 400, 1100 - 8 Ave. S.W.

Ph. (403) 262-6933.

Officers & Key Personnel at this location:

Pres., Elmer L. Ayers, P.Eng.

Type of Consulting: Professional engineering, wellsite supervision, directional drilling.

No. of Employees in Canada: 15.

Babco Electric & Engineering Ltd.

Main Office: Edmonton, AB. T5L 4J1. 12465 - 153 St.

Ph. (403) 447-1386 Fax: 447-1309

Officers & Key Personnel at this location:

Sls. Mgr., Dave Unger;

Sls. Eng., David Kosmenko.

Type of Services & Supplies: Electrical equipment manufacturer.

Products include: Low Voltage Switchgear, High Voltage Switchgear, K.V. Vacuum or SF6 Contactor M.C.C., 600 Volt M.C.C., High Voltage Vacuum Breakers, High Volt SF6 Breakers, Load Break switches, Protection & Control Relaying Panels, D.C. Variable Speed drives, A.C. Inverter Drives, Solid State Starters, Auto Power Factor correction Systems, Energy Management Systems, Phase Converters, Control Panels & Instrumentation, Programmable Controllers, Apparatus & Industrial Controls, High Current Rectifiers, Regenerative systems, Non-Regenerative Systems, Wound Rotor Controllers, Multi meter Power Pedestals, Temporary Power Systems, Lighting Towers, Portable Control Buildings, Skid Type Mine Power Centers, Outdoor & Portable Sub-Stations, Environmentally Controlled Electrical Equipment buildings.

Baker Hughes INTEQ

A Division of Baker Hughes Canada Inc.)

Main Office: Calgary, AB. T2P 1H4. 600, 736 - 8 Ave. S.W.

Mailing address: Calgary, AB. T2P 2E7. Box 6780, Stn.D.

Ph. (403) 296-9700 Fax: 296-9785

Officers & Key Personnel at this location:

Gen.Mgr., Mark Heaton;

Main Banking Connection: Royal Bank of Canada.

Incorporation: Canada (1993). Private.

Affiliations:

Baker Hughes INTEQ, Inc./A Baker Hughes Company.

Type of Services & Supplies: Eastman directional tools and survey

systems: navigational drilling; directional drilling; relief well service;

horizontal drilling and completions systems. Directional orientation

by (DOT); electronic magnetic surveys, magnetic multiple shot surveys,

magnetic single shots. Mining single shot freeze holes; straight hole

control; Eastman Navi-Drill downhole motors; non-magnetic drill collars.

Micro Measurement While Drilling (MWD) - directional only, directional

gamma, resistivity-gamma-directional, Triple Combo MWD Logging,

downhole weight and torque. Christensen coring services: conventional,

plastic/aluminum lined barrel coring service, core barrel stabilizers,

over sleeve coring service, low invasion coring service, gel coring.

High Pressure Christensen drilling bits, natural diamond and BallaSet, Anti-

Whirl, Milpark Drilling Fluids Systems, services and products. EXLOG

and Logging Systems - standard and computer assisted geological

and hydrocarbon analysis, drilling data monitoring and data

communications. Advanced drilling analysis and measurement

system.

No. of Employees in Canada: 95.

Baker Oil Tools Canada

Main Office: Calgary, AB. T2P 1H4. 7 FL, 736 - 8 Ave. S.W.

Ph. (403) 296-9600 Fax: 296-9699

Officers & Key Personnel at this location:

Gr. Cdn.Optns., J.C. Holley;

Sls.Mgr., Jim Ottenbreit.

Main Banking Connection: Royal Bank of Canada.

Incorporation: Private.

Affiliations:

Baker Oil Tools - HSTN.

Type of Services & Supplies: People and products providing solutions for Completions, Workovers and Fishing. Completion Equipment; permanent and retrievable packers. Remedial and Stimulation Tools; packers, bridge plugs, cement retainers, SAP tools, Lyles Inflatable Products, external casing packers, production injection packers. Lyles Drill Stem Testing; inflatable, conventional and real time testing. Tri-State Fishing and Milling: open hole and cased hole, thru-tubing fishing, section milling and whipstock. Flow Control Systems; seating nipples, sliding sleeves. Safety Systems; subsurface safety valves and wellhead actuators. Thru-Tubing Inflatable Workover Systems.

No. of Employees in Canada: 86.

Baker Performance Chemicals

Main Office: Calgary, AB. T2P 3E7. 950, 555 - 4 Ave. S.W.

Ph. (403) 299-2400

Officers & Key Personnel at this location:

Reg.Mgr., Steve Whittle.

Main Banking Connection: Royal Bank of Canada.

Incorporation: Private.

Affiliations:

Baker Hughes Inc.

Type of Services & Supplies: The marketing and servicing of production chemicals to the oil and gas industry. Includes laboratory services, corrosion coupons and analysis, biocide, corrosion, wax and demulsifier evaluation. Corrosion inhibitors, registered biocides, scale inhibitors and dissolvers, enhanced oil recovery chemicals, industrial cleaners, surfactants, defoamers, packer fluid inhibitors, reverse emulsion and water clarification chemicals, oxygen scavengers, wireline corrosion inhibitors, desalters and Western Chemical Injectors and parts.

No. of Employees in Canada: 70.

Ballater Resources Ltd.

Main Office: Calgary, AB. T2P 3E8. 500, 808 - 4 Ave. S.W.

Ph. (403) 266-2755 Fax: 262-3589.

Officers & Key Personnel at this location:

Pres., Tim C. Presber, P.Eng.

Vice-Pres., J.E. Presber.

Type of Consulting: Petroleum engineering, evaluation reports, production operations, pumping equipment, producing property acquisitions.

No. of Employees in Canada: 2.

The Banff School of Advanced Management

Main Office: Banff, AB. T0L 0C0. Box 1020.

Ph. (403) 762-6126 Fax: 762-6499

Additional Phone: (403) 762-6127

Officers & Key Personnel at this location:

Pres., C.E.O., John P. Cadieux;

Main Banking Connection: Bank of Montreal.

Co. Registered In: Alberta (1952).

Company Directors: Dr. Roger Smith, Bd.Chmn., John L. Fisher.

Type of Services & Supplies: Executive development and management education. Under the joint sponsorship of: The Management Faculties of the Universities of Alberta, British Columbia, Calgary, Manitoba and Saskatchewan.

No. of Employees in Canada: 3.

Banister Majestic Inc.

Main Office: Edmonton, AB. T6E 5G8. Box 4947

Ph. (403) 955-7167 Fax: 955-7160

Officers & Key Personnel at this location:

Pres., R.F.C. Marriott;

Vice-Pres., J.S. Topping.

Type of Services & Supplies: Pipeline construction, river crossings, hydro-static testing. Two spreads of large diameter pipeline construction equipment testing.

Bantrel Inc.

Main Office: Calgary, AB. T2P 0T9. Box 1990, Stn. M.

Ph. (403) 290-5000

Officers & Key Personnel at this location:

Pres., C.E.O., Dir., P.J. Lovell (290-5001);

Get The Alberta Advantage Working For You

The Alberta Advantage includes the most productive workforce and the lowest overall taxes in Canada, a strategic location, a wealth of natural resources and a commitment to free enterprise.

Whether you're looking for products, investment opportunities, or a strategic partner, Alberta Economic Development and Tourism – and our worldwide representatives – will provide you with the information you need. We offer economic and market data on Alberta plus extensive information on business opportunities in our growing province.

Let us show you how to get the Alberta Advantage working for you.
